

ACTIV D.O.T

Heavy Duty Cleaner Degreaser

PRODUCT INFORMATION SHEET

DESCRIPTION:

ACTIV D.O.T. is a water based positive emulsion product manufactured from biodegradable surfactants incorporating a patented blend of detergents formulated to provide an efficient alternative to solvent based cleaners.

ACTIV D.O.T. is designed for use as a general purpose degreaser for safe removal of soils, oils and greases from locomotives boiler rooms, industrial plants machinery and parts, grease traps, bilges and tanks as well as all types of heavy transport and earth moving equipment.

FEATURES AND BENEFITS:

- Water based positive emulsion manufactured from biodegradable surfactants
- An efficient alternative to solvent based cleaners.
- For use as a general purpose degreaser for safe removal of soils, oils and grease from locomotives, boiler rooms, industrial plants and the like.
- Non caustic formulation providing effective degreasing even on aluminum components

TECHNICAL INFORMATION:

Appearance	Clear blue liquid
Odour	Slight glycol
pH	9.0-10.0
Specific Gravity	1.041 ± 0.005
Percentage Volatiles	87.0 – 88.0%
Solubility in Water	Infinite

USE:

ACTIV D.O.T. can be used with mop or brush, manually, with automatic or power, pressure or steam cleaning equipment as well as in immersion tanks.

Dilution Rates: Manual or Machine cleaning –

Heavy Soiling	1 part to 10 parts water.
Medium Soiling	1 part to 40 parts water.
Light Soiling	1 part to 80 parts water.

Dilution rates may be increased where heavy dirt conditions prevail.

SAFETY: Causes serious eye irritation.

Keep out of reach of children. Read label before use. Wash hands, face and all exposed skin thoroughly after handling. Wear protective clothing, gloves and eye/face protection.
