

# CLEAN 'N' GUARD

## Cleans 'n guards against:

- ✓ Fingerprints
- ✓ Watermarks
- ✓ Dirt & oil
- ✓ Smudges & scratches

## CLEANS AND PROTECTS

Cyndan Clean 'n' Guard is an aerosol cleaner that when applied, leaves a microscopic protective film which repels water, dirt, oils, smudges, fingerprints and scratches.

Clean 'n' Guard is a silicone emulsion which will protect any surface which has been treated, providing a reduction in the need for future maintenance and damage. Effective on painted surfaces, chrome, glass, stainless steel, mirrors, vinyl, leather, laminates, polished stone, fibreglass, perspex and more.

It is useful on high gloss surfaces to remove fingerprints, prevent them and make the further removal of them easier. It offers a streak free, non-greasy finish. Uses include gaming machines, photocopier glass (for crystal clear copies), high gloss surfaces (reception desks), glass doors, chrome door handles, and more...

May be used in the treatment of transport, farm, aviation and marine glass panels. Clean 'n' Guard provides anti static properties to the applied surface reducing static electrical charge making it ideal for TV & computer screens, stainless steel lifts and appliances.

## Benefits and Features

1. It places a protective coating on glass and perspex, which prevents dirt, dust or bugs sticking to the surface that has been cleaned.
2. It can be used on the clears' of boats to help prevent salt water marking, it can also be used on the clears around balcony's to help prevent dust sticking, salt water from sticking - allows easy cleaning.
3. It stops finger marks on glass top tables, micro wave fronts, mirrors, TV's, fridges - all kitchen appliances.
4. It will help prevent the build up of body fats and soap scum on shower recesses and doors.
5. It will stop water build up on windscreens.
6. Monitor screens and photocopier glass tops and complete exterior of photocopier can be cleaned successfully with it.
7. Two pack kitchens - Cleans & Protects from finger prints etc.
8. Laminex Counter Tops - Cleans & Protects from finger prints etc.

## FOR USE ON:

- Chrome
- Glass
- Appliances
- Stainless Steel
- Mirrors
