- ✓ Kills Staphylococcus aureus & E. Coli

CLEANS, SANITIZES AND DEODORIZES

Cyndan Deoda Safe is a cleaner, sanitiser and deodoriser in one.

Deoda Safe is non-flammable, non-corrosive, non-toxic and does not contain petroleum solvents. It contains 9.9% Quaternary Ammonium compound and is a certified commercial option C disinfectant when diluted with 75 parts water.

Deoda Safe is proven to kill unwanted organisms such as staphylococcus aureus and E. Coli.

Deoda Safe is safe to use on most surfaces and leaves a pleasant residual fragrance and rinses to leave a residue free and sanitised surface.

Use with confidence for cleaning floors, bathrooms, offices, kitchens, public areas, garbage rooms, inside public transport, hotels, gyms, public bars & clubs, and venues that requires a sanitary and pleasantly fragranced environment.
