

# MOWER RESTORER

- ✓ Dilutable with up to 10 parts water, ensuring low cost maintenance
- ✓ pH balancing technology
- ✓ Continued protection from airborne corrosion

## LAWN MOWER CLEANER AND GROUND EQUIPMENT MAINTENANCE

Cyndan Mower Restorer gives more life to your grounds keeping equipment. Mower Restorer is an extremely good release agent which cleans all metal, painted, rubber and plastic fittings on all equipment.

Mower Restorer neutralises the “corrosion causing” acidic build-up on all your equipment.

Mower Restorer is diluted with 8 to 10 parts of water and applied to all soiled areas of equipment, e.g. blades, guards, tyres, hoses, etc.

### SIZE:

5L, 15L, 25L, 205L, 1000L

### FOR USE ON:

- Metal
- Painted Surfaces
- Rubber
