

MY T HANDS

- ✓ Removes industrial and automotive grease, oil and grim
- ✓ Solvent free
- ✓ Super fine 4 micron beads
- ✓ Effective against E. Coli

SOLVENTLESS INDUSTRIAL HAND CLEANING LOTION WITH GRIT

Most hand cleaners effective enough to remove industrial and automotive grease, oil and grime are generally petroleum solvent based products.

New Cyndan research and technology delivers the cleansing ability of a petroleum based solvent product without the solvent. The absence of solvents reduces unpleasant odours and defatting of the skin, resulting in a safer more acceptable wash.

Cyndan My-T-Hands contains special surfactants which dissolve and emulsify grease and oil. Super fine 4 micron beads assist in the removal of stubborn material such as paints and two pack epoxy.

It contains 1.5% Quaternary Ammonium Compound which is effective against Gram Positive and Gram Negative bacteria such as *Staphylococcus Aureus* and *Escherichia Coli* (E. Coli). It also contains a fine Grit which helps remove the stubborn grease.
