

Rose Antibacterial Hand Soap

Premium Antibacterial Hand Soap

Rose Antibacterial Hand Soap is formulated specifically for people with sensitive skin or who wash their hands frequently.

It contains a very mild cleanser blended with added moisturisers and natural Tea Tree Oil.

This combination actively removes soiling whilst counteracting the drying effects of everyday activity together with additionally protecting the skin, re-moisturising and preventing skin from becoming dry.

Rose Antibacterial Hand Soap can be used regularly throughout the day without drying or chafing the skin leaving the hands feeling soft and supple and smelling fresh, with a delicate floral fragrance.

Rose Antibacterial Hand Soap is economical and is excellent value for money.
