

STAINLESS STEEL SENTRY

- ✓ Ultimate stainless steel protection and conditioning
- ✓ Lasts for several months
- ✓ Protects from corrosion and tea staining

THE STAINLESS STEEL PROTECTIVE COATING

For all grades of marine and architectural, internal and external Stainless Steel. Containing the Ultra protection concentrate Cyndan **NANOLON**.

Cyndan Stainless Steel Sentry is the second step to the conditioning and ultimate protection of your Stainless Steel. The Cyndan **NANOLON** concentrate when applied to the preconditioned stainless steel microscopically coats it and protects it for several months depending on the conditions.

The **NANOLON** concentrate protects stainless steel from atmospheric corrosion which causes unsightly 'tea staining' and rusting. This product is designed to be used only in conjunction with Cyndan Stainless Steel Rejuvenating Paste.

PART OF THE STAINLESS STEEL REJUVENATING KIT

This kit contains two products formulated especially for restoring & protection of Stainless Steel:

Stainless Steel Rejuvenating Paste
