HEAVY DUTY TILE CLEANER

Cyndan Tile Clean is a Heavy Duty cleaner specifically formulated to remove a variety of organic and non-organic soiling such as calcium, rust, uric acid, mineral salt deposits, bore water stains, fallout residue, chlorine staining, algae, moss, mildew and mould.

For use on tiles, porcelain, pavers, natural stone, walls and any masonry surface. Can also restore stainless steel and porcelain toilet fixtures which are badly stained. Suitable for fibreglass tanks and marine vessels.

Great for removing heavy soiling after construction and for restoring old surfaces. Will also remove the 'hazed' effect of grout on newly tiled areas.

SIZE:

1L, 5L, 25L, 205L

FOR USE ON:

- Paving
- Floors
- Walls
- Bathrooms
- All masonry
