

# Technical Data Sheet

Product Name: Eco-Solv

Product Type: Bitumen and Tar Cleaning Solution

Date of Issue: 01 April 2024

## Description:

Eco-Solv is an innovative, Australian-made cleaning fluid formulated to effectively remove tough stains and residues from various surfaces. Crafted from plant-based ingredients, Eco-Solv offers a powerful cleaning solution while prioritising environmental sustainability. With its non-VOC formula, Eco-Solv ensures minimal impact on the environment, making it an ideal choice for eco-conscious consumers.

## Key Features:

- **Non-VOC Formula:** Eco-Solv is free from Volatile Organic Compounds (VOCs), reducing harmful emissions and promoting environmental health.
- **Multi-Purpose Cleaning:** From asphalt and tar to oil, gum, and grease, Eco-Solv swiftly liquifies and removes stubborn residues from a wide range of surfaces.
- **Safe for Surfaces:** Suitable for use on painted surfaces, plastics, and seals, Eco-Solv ensures thorough cleaning without causing damage to equipment or surfaces.
- **Easy to Use:** Simply rinse with Industrial Safety Degreaser and flush with water for optimal results.

## Versatile Applications:

- **Cleaning:** Eco-Solv is perfect for cleaning rakes, shovels, paving machines, vehicle bodies, and any metallic surfaces.
- **Lubrication:** Eco-Solv can also be used to lubricate conveyors and slips within asphalt plants, enhancing operational efficiency.
- **Truck Slip Solution:** Keep asphalt vehicles running smoothly with Eco-Solv as a reliable truck slip solution, helping lubricate and release asphalt easily.

## Instructions for Use:

1. Apply Eco-Solv directly to the surface requiring cleaning.
2. Allow the product to sit for a few minutes to penetrate and dissolve residues.
3. Scrub the treated area with a soft brush if necessary.
4. Wipe off residues with a rag or rinse with high-pressure water.

5. For optimal results, rinse well with water and degrease with Industrial Safety Degreaser.
6. Reapplication may be necessary depending on the thickness of residues.

#### Storage and Handling:

- Store Eco-Solv in a cool, dry place away from direct sunlight.
- Keep out of reach of children and pets.
- Use appropriate protective gear, such as gloves and goggles, during handling.
- Dispose of empty containers according to local regulations.

#### Safety Precautions:

- Avoid contact with eyes and skin. In case of contact, rinse thoroughly with water.
- If swallowed, seek medical advice immediately and show the container or label.
- Do not mix with other chemicals unless recommended by a professional.

#### Environmental Considerations:

- Eco-Solv is readily biodegradable and environmentally friendly.
- Minimize environmental impact by following recommended usage instructions and disposing of residues properly.

#### Disclaimer:

The information provided in this Technical Data Sheet is based on our current knowledge and is intended to assist in the proper use and handling of Eco-Solv. However, users should conduct their own testing to determine the suitability of the product for their specific applications. This Technical Data Sheet does not constitute a warranty or guarantee of performance.
